STRENGTHS

- Hardworking & Dedicated
- Quick Learner
- Positive Attitude
- Problem Solver
- Team Player

LANGUAGES

- Hindi — Native
- English — Intermediate

CAREER OBJECTIVE

Motivated and detail-oriented Diploma Engineering student with a strong foundation in web development, programming, and IT fundamentals. Certified by Cisco Networking Academy in IT and Cyber security domains. Seeking an internship or entry-level role to apply my technical knowledge, contribute to impactful projects, and grow as a professional in the technology industry.

EDUCATION

Diploma in Engineering

Government Polytechnic, Muzaffarpur, Bihar | Batch 2024–27

Currently: 2nd Year, 4th Semester • CGPA: 7.5 / 10

Secondary School — 10th Standard

Score: 88.2%

CERTIFICATIONS & COURSES

Cisco Networking Academy

- IT Essentials — Covers PC hardware, software, networking basics, and troubleshooting
- Introduction to Cyber security — Covers online safety, cyber threats, and network protection

Additional Learning

- HTML & CSS — Web Development fundamentals (Self-paced)
- Python Programming — Core concepts and scripting (Self-paced)

TECHNICAL SKILLS

- Basic Computer Knowledge | Hardware & Software Troubleshooting (IT Essentials)
- Network Fundamentals | Cyber security Awareness (Cisco Certified)
- MS Word, MS Excel — Document creation and data management

PROGRAMMING LANGUAGES

HTML		80%
CSS		75%
JavaScript		65%
C Language		60%
Python		60%
Java		60%
DBMS		50%
DSA		60%

PROJECTS

Student Management System (Python)

- Console-based system to manage student records — add, update, delete, and search.
- Implemented file handling, input validation, and menu-driven interface for

usability.

Number Guessing Game *(Python)*

- Interactive game: program generates a random number, user guesses within limited attempts.
- Used loops, conditional logic, and random module; tracks score across rounds.

Basic Calculator *(Java)*

- Supports addition, subtraction, multiplication, division with exception handling for divide-by-zero.
- Applied OOP principles — encapsulation and modular method design.

TOOLS & TECHNOLOGIES

VS Code Eclipse Git & GitHub

MS Word MS Excel Windows

ADDITIONAL SKILLS

- Problem Solving — ability to break down complex problems into manageable steps
- Logical Thinking — strong analytical skills developed through programming practice
- Time Management — balances academics, self-learning, and project work effectively
- Teamwork & Communication — collaborative approach with positive attitude

ACHIEVEMENTS

- Completed Cisco-certified courses in IT Essentials and Cybersecurity
- Developed projects like Student Management System using Python with file handling and CRUD operations
- Secured 88.2% marks in Secondary School Examination (10th)
- Built multiple programming projects using Python and Java

DECLARATION

I hereby declare that all the information furnished above is true, complete, and correct to the best of my knowledge and belief. I understand that any misrepresentation or omission of facts may lead to disqualification.
